## **Right Fields wins an order to implement Microsoft Dynamics to a Designer Furniture manufacturing company.**

Right Fields bags the order to implement Microsoft Dynamics to a large Designer Furniture Manufacturing company. The designer furniture manufacturing company is an international leader in Interior Decoration, Construction, Real Estate Development, Furniture Manufacture and Trading.

The company would implement the Finance, Supply Chain and the project accounting functionalities of Microsoft Dynamics to automate its operations. One of the USPs for Right Fields to win this order was - Understanding of this industry in depth. This apart, some of the other aspects that favoured Right Fields in winning this order was the experience of the team in Microsoft Dynamics and a very strong work force.
